### *Pasqua 8/28*

pinot grigio, delle venezie, italy 2016. 12%

### *Santa Carolina 12/45*

carmenère, valle de rapel, chile 2014 14.5%  
After Europe's phylloxera plague of the mid 1800's this grape was thought to be extinct in France, where it was one of the original Bordeaux varieties. Fortunately, for us, someone smuggled it into Chile 150 years ago, thinking it was Merlot, and we now get to enjoy this juicy melange of plums, berries, herbs and burnt orange. Do not miss this unique treasure.

### *Belasco De Baquedano "Llama" 9/34*

malbec, mendoza, argentina 2016 13.5%  
The little black dress of red wines - malbec goes with everything. Used mostly for blending in France (looking at you Bordeaux). Argentina has brought this bold juicy red the respect it deserves.

### *Marietta "Armé" 14/52*

Oh, Barbera. I wish I knew how to quit you. This estate grown quaffer is bold and juicy up front, with hints of smoke and sage adding nuance to a long velvety finish. Best drunk in large quantities with BBQ Ribs!

### *Les Hautes de Croix de Labrie -65*
